## Injury/Mishap Information

- The Center has been **21** days **without** a Civil Servant or Contractor **Lost Time Injury. (Record 39 days)**
- **OSHA Recordable Incident** - A LMSSO employee sustained injuries to the right wrist and right knee after tripping and falling on an uneven pavement. The employee was walking to a transportation shuttle while attending a training program in Boston, MA. Due to sub-dermal bleeding from a vein in the wrist, the employee was x-rayed and received a tetanus shot at a local hospital, making this incident an OSHA Recordable.
- **OSHA Recordable Incident** - A RFSC employee sustained a puncture wound to the left foot while disposing of trash items in an exterior dumpster. The employee stepped on a piece of wood with an exposed nail, which penetrated the left shoe. A prescription strength medication was administered, making this an OSHA Recordable Incident.
- **First Aid Case**
  - A SMC employee sustained a burn to the forehead while making height adjustments on a copper tubing line that supplies hot air to a test chamber, and inadvertently made contact with the hot copper tubing.
  - A Jacobs Sverdrup employee was stung on the forehead by a wasp while exiting a building.
